**ALASKA AIRLINES ADDS 4TH DAILY FLIGHT TO PEAK SUMMER TRAVEL SCHEDULE**

---

---

Alaska Airlines has added a fourth daily flight to SeaTac in August. After a record setting 2014 for passengers flying through Pangborn Memorial Airport, Alaska Airlines is responding to growing demand during our peak summer time for travelers.

The added morning flight in August 2015 will accommodate late morning flight connections in SeaTac. Residents, businesses, and tourists have shown the value of air service at Pangborn Airport by using it in record numbers, 110,600 passengers in 2014. August numbers peaked with 10,127 passengers, a 16% increase over the year prior. “It is great news that Alaska Airlines has chosen to increase air service during our peak usage” said Port of Chelan County Commission President Mike Mackey.

For more information on the new flight times or to make your reservations today, visit [www.AlaskaAir.com](http://www.AlaskaAir.com).
