Cashmere Mill Site Phase 2 Work Begins

Cashmere Mill Site Woodwaste Removal Project Update

Work at the old Cashmere Mill Site continues with Phase 2. Phase 2 will continue removing accumulated woodwaste and sawdust and replacing it with structural fill material. Tommer Construction of Ephrata, WA is the hired contractor after an open public bidding process. When Phase 2 work is completed in the fall of this year, a total of approximately 12 acres will be fully remediated. This project is funded by the Department of Ecology.
