

Media Release
Port of Chelan County Board of Commissioners
Meeting of June 18, 2015

Meeting Highlights

Port Side Website Redevelopment

The Port of Chelan County is in the development stage for a new website. The Port website was attacked with malicious code in 2014, and was deactivated to prevent any issues for users. At that time, to comply with legal notice requirements, a temporary site was constructed that has Commission Meeting Agendas, Minutes, and Notices as well as bidding notices. The process of developing a new website has taken longer than anticipated, but is expected to be live September 2015. To request information not found on the temporary site, please contact us at info@portofchelancounty.com or call (509) 663-5159.

2014 Port of Chelan County Financial Statements on File

Port Consultant Monica Lough of Cordell, Neher & Company, presented the 2014 Financial Statement for the Port of Chelan County and is on file with the State.

Pangborn Memorial Airport (PMA)

Pangborn Airport Runway Extension Project Update

Phase 2 of the Pangborn Airport Runway Extension Project will begin Monday June 22 with Seland Construction installing dry utilities along the newly aligned Grant Road. The Federal Aviation Administration (FAA), contributing 90% of the total cost of the project, gave a notice to proceed with construction. The realigned Grant Road is expected to open this fall. Construction of the runway extension is expected to be completed in fall of 2016. Updates on Runway Extension Project activities can be found on the Pangborn Airport Facebook page and YouTube Page. The total project cost is estimated at \$29.7 million, with 90 percent of the funding provided by the FAA. The local share will be funded by the Ports of Chelan and Douglas counties, with Chelan providing seven percent, and Douglas the remaining three percent. For more information, contact Trent Moyers, 509-884-2494.
